Dear Allan, I would like to thank you and your staff at Great Coates Motors for the excellent service I received when I recently had my car MOT'd with you.

As my car is an import, I frequently have trouble when servicing or MOT ing it. This proved to be the case again as you had to order some parts directly from the manufacturers in Japan. This you explained and promptly lent me a courtesy car at no extra charge, in order not to disrupt my working week. Once the parts arrived and were fitted, your workshop manager rang me to let me know it was ready.

The cost of all of the parts and the MOT were very reasonable. I will have no hesitation in recommending your services (and MOT's) to everyone I know.

Kind Regards,

Geoffrey Davis
Independent Mortgage Adviser.
